Color TV Seen Ready in Year

WASHINGTON, April 30 (UP)—
Representative J. Arthur Younger,
Republican of California, said to-
day that color television was ready
for commercial use and should be
made available to the public "with-
in another year." Mr. Younger is
a member of the Commerce Com-
mittee of the House of Representa-
tives that recently ended an ex-
tensive investigation to determine
why color TV had not been put on
the market.
