"SEE-ALL" TELEVISION KIT

$12.95

THE MOST SUCCESSFUL LOW PRICED TELEVISOR ON THE MARKET!

This new SEE-ALL TELEVISION KIT has revolutionized the industry by its Simple Construction—its Unusual Efficiency of Operation and its Exceedingly Low Price.

Now it is possible for the enthusiast to experiment with television without investing a large sum. On Actual Components This remarkable television has outperformed nationally known units selling at a far higher price.

The secret of the efficiency attained by this Televisor is its mathematically accurate scanning disk, the use of which thoroughly eliminates horizontal streaks.

The kit contains all necessary parts for the complete construction of the Televisor.
