This de luxe instrument is RCA Victor's finest Television Receiver. Not only does it reproduce pictures in unusually fine detail and of ample size, but it also includes a 12-tube, high-fidelity, 3-band, all-wave radio. A unique feature is the indirect viewing of the image. This feature in conjunction with the large image size makes it possible for a large group of people to view a program with ease. It also makes possible a more compact cabinet design.

The RCA Victor Television Console Model TRK-12 is designed for those who demand the best in television.
