# Trans-Vue Entertainer

is **FIRST** with these **12** BIG Features

- 1 First with COMMERCIAL TELEVISION.** Trans-Vue is specifically engineered and designed for use in commercial locations. An exclusive feature that means bigger, better television.
- 2 First with "SPLIT UNIT" TELEVISION.** Multiple remote television viewing units can be placed separately in any part of the room or rooms, yet be controlled simultaneously from the conveniently placed "Master Tuner".
- 3 First with AUTOMATIC "LOCKED-IN" TUNING.** The Trans-Vue Master Tuner permanently "locks" the television picture into sharp flicker-free focus. Easy on the eyes.
- 4 First with "DIRECT IMAGE" COMMERCIAL TELEVISION.** The Trans-Vue image is large, brilliant, in sharp focus at all times and always clear. Seeing is believing.
- 5 First with EQUAL SOUND DISTRIBUTION TELEVISION.** Patrons in any part of the room properly hear as well as see the program because the sound is tailored to the room. No distortion because there is equal tone distribution.
- 6 First with EXTRA AUDIO AMPLIFICATION . . . . .**  
Tailor-made for professional use in every type of commercial location.
- 7 First with SIMPLIFIED TELEVISION CONTROL.** Three control knobs . . . that's all. Change stations at will with the Master Tuner. Quick, sure, simple.
- 8 First with "ALL-ANGLE" 360 DEGREE VISIBILITY TELEVISION.** Trans-Vue multiple remote television viewing units can be arranged in any room to afford good visibility for every patron.
- 9 First with EXTRA LARGE, DIRECT VIEW CATHODE RAY TUBES FOR COMMERCIAL TELEVISION.** Mammoth pictures are seen on a screen viewing area of 134 square inches.
- 10 First with "ANGLE COMPENSATION".** Angle compensation is the scientifically pre-determined angle for proper viewing. Picture meets your eye quickly, clearly and without eyestrain.
- 11 First with CABINETS DESIGNED FOR COMMERCIAL USE.**  
The beautiful mahogany and gleaming finished cabinets used on all Trans-Vue "Entertainer" units will fit into any location design.
- 12 First with POLAROID ONE-WAY FILTER.** For greater contrast, truer definition. Eliminates fluorescent, incandescent and daylight glare—gives your patrons the sharpest, clearest telepicture, with no "television eyes"!

**Trans-Vue** **FIRST to make Television Profitable for YOU!**

Belmont

is engineered and produced by

Trans-Vue

# TRANS-VUE "Entertainer" is Engineered and Produced by RAYTHEON-BELMONT

—a great name in electronics  
—pioneer in television

For 21 years Belmont Radio Corporation, (a subsidiary of Raytheon Manufacturing Company) has produced electronic equipment for America's homes and industries. Much of this experience has been in television.

Now this leader in its field has engineered and produced the Trans-Vue "Entertainer" as the first television set specifically designed for commercial locations.

You Can Be Sure . . . It's Engineered and Built by Belmont.

Above is the factory in which the Trans-Vue "Entertainer" is made

Belmont Inspection is your protection

Engineering starts with careful planning at Belmont

One of Belmont's busy assembly lines
